Databases: MongoDB, PostgreSQL, MySQL,
CMS & Tools : WordPress, Shopify
Cloud & DevOps : AWS (EC2, S3, Lambda), Google Cloud Platform, Docker, CI/CD, Git, GitHub Actions
Other: SEO Optimization, Web Performance, Agile/Scrum, A/B Testing, Analytics, UI/UX Principles

PROFESSIONAL EXPERIENCE

Full Stack Developer

January 2023 – Present
Remote

(Freelance)

- Delivered 50+ web applications and CMS solutions for international clients across diverse industries, maintaining a 98% client satisfaction rate with perfect 5-star ratings
- Architected and developed custom e-commerce platforms using WooCommerce, Shopify, React resulting in 40% increase in conversion rates and 25% reduction in page load times
- Engineered SEO-optimized WordPress solutions that improved organic search rankings by an average of 60% and increased organic traffic by 150% within 3 months
- Implemented responsive, mobile-first designs using modern frameworks (React, Next.js, Tailwind CSS) that achieved 95+ Google PageSpeed scores and enhanced user engagement by 35%
- Led full software development lifecycle from requirements gathering to deployment, utilizing Agile methodologies and delivering projects 15% ahead of schedule on average

Full-stack Developer

August 2024 – January 2025
Islamabad, Pakistan

CyberX Studio | Digital Marketing Agency

- Developed enterprise-grade CMS and web applications using Wordpress, serving 20+ client campaigns and driving 45% increase in customer engagement metrics
- Collaborated with cross-functional teams of designers, marketers, and project managers to deliver pixel-perfect, brand-aligned solutions under tight deadlines
- Optimized application performance through code splitting, lazy loading, and caching strategies, reducing server costs by 30% while improving response times by 50%
- Mentored junior developers on best practices, code reviews, and modern development workflows, improving team productivity by 25%

Web Application Intern

June 2023 – September 2023

The Sparks Foundation

Remote

- Built responsive web applications using HTML5, CSS3, JavaScript, and Bootstrap as part of the Graduate Rotational Internship Program (GRIP)
- Created an interactive banking system interface with user authentication, account management, and transaction history features
- Collaborated with a distributed team using Git version control and Agile sprints, contributing to 5+ successful project deliveries

NOTABLE PROJECTS

- Coder Bunnyz - Programming Based Learn Game** | React Native, C#, MySQL, SignalR, Postman2026
- Designed and developed an interactive programming-based learning game that teaches logical thinking and problem-solving through gameplay
 - Implemented grid-based movement, rule-driven mechanics, to help users understand core programming concepts
- Youtube clone with youtube API** | ReactJs , Nodejs , MongoDB , Youtube API2024
- Developed a fully functional YouTube clone using the YouTube Data API, enabling users to browse, search, and watch videos in real time
 - Handled API data fetching, pagination, and error states efficiently
 - Used efficient state management and API optimization techniques to reduce load times and improve UX

EDUCATION

- Barani Institute of Information Technology**Rawalpindi, Pakistan
- Bachelor of Science in Software Engineering**Graduation:** 2026
- Relevant Coursework: Data Structures & Algorithms, Database Systems, Software Engineering, Web Technologies, Artificial Intelligence, Operating Systems, Computer Networks
 - Academic Projects: Developed multiple full-stack applications, participated in hackathons, and collaborated on team-based software projects

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Web Development Certification** : Comprehensive training in modern web development technologies
- Murree Development Forum** : Web Dev- Achieved top-rated status with 100% Project success score
- The Sparks Foundation GRIP** : Successfully completed Graduate Rotational Internship Program
- Technical Leadership**: Led development teams on 7+ projects, mentoring developers and ensuring Project quality
