SUMMARY

UI Designer with 2+ years of experience transforming complex ideas into clean, intuitive, and visually engaging digital products. Skilled at solving usability challenges through thoughtful interface design, strong visual hierarchy, and scalable design systems. Designed 50+ high-fidelity screens across mobile and web applications, helping teams create user experiences that improve engagement, simplify workflows, and support business goals. Proficient in Figma, responsive design, and developer-ready design delivery.

KEY ACHIEVEMENTS

- Designed and delivered 15+ high-fidelity mobile screens for the SkillUp Learning App project.
- Created a scalable design system that reduced design inconsistencies across multiple screens.
- Improved designs, making them clearer and more attractive, which helped reduce feedback and revision requests.
- Produced responsive UI designs for mobile and desktop experiences to client projects.

EXPERIENCE

UI DESIGNER | PRODUCT DESIGN UNI (REMOTE)

2025-2026

- Designed a mobile learning platform focused on course discovery, enrollment, and progress tracking.
- Created 15+ high-fidelity screens covering onboarding, authentication, course management, and user dashboards.
- Built interactive prototypes that simulated key user flows and improved clients' understanding of product functionality.
- Applied visual hierarchy, spacing, and typography principles to improve usability and readability.
- Developed reusable design components for faster scaling of future screens.

UI DESIGNER | NFT GALLERY APP (REMOTE)

2025-2026

- Designed a modern NFT marketplace interface focused on artwork discovery and collection management.
- Produced 10+ responsive screens, including marketplace, asset detail pages, creator profiles, and wallet interactions.
- Created visually engaging layouts that balanced aesthetics with usability.
- Developed consistent card systems, navigation patterns, and visual components.
